Subject: **REQUEST TO PRIORITIZE THE DELIVERY OF SERVICES AND RESOURCES TO LAST MILE SCHOOLS**

The Office of the Undersecretary for Administration (OUA) is respectfully calling on your good Offices, Services and Bureaus to kindly focus on the delivery of services and procured items in your inventories or stocks to the so-called **Last Mile Schools (LMS)**.

The undersigned is asking for the immediate turnover of DepEd Computerization Program (DCP) Packages, Laptops for Teachers, Tablets for Classrooms and related items to the LMS. This appeal covers the devices and supplies that are under the General Appropriations Act (GAA) for FY 2020 and FY 2021 as well as the resources that will be procured under the GAA for FY 2022.

We would like to provide you the lists of LMS under the GAA for FY 2020 and FY 2021, including new and ongoing construction projects, and the upcoming undertakings under the GAA for FY 2022. Kindly find attached three (3) tables: 1. LMS to be funded in 2022 onwards 2. CY 2021 LMS Program in Public Elementary and Junior High School, and 3. CY 2020 LMS Program in Public Elementary and Junior High School.

Learners, teachers and personnel, as well as the structures in these makeshift and non-standard schools, are in dire need of your help since they are located in far-flung, isolated and conflict-affected areas. Classes in LMS are multi-grade. Teachers are less than five. Learners are less than a hundred, most of whom are indigenous peoples.

OUA is seeking your support for the LMS because they are in the legacy program of Education Secretary Leonor Magtolis Briones.

For your consideration.
